Dear Isomo Academy Team,

My name is Pesha Geoffrey, a student at Agahozo-Shalom Youth Village (Class of 2027, MPC). I am writing to apply for the Isomo Summer Internship in music performance, piano, and music production.

I am very interested in Isomo Academy because you use education and creativity to help young people grow. I also believe music can build confidence, bring people together, and support Isomo scholars in engaging and collaborating more effectively throughout their day of diligent work.

I am the President of the ASYV Live Band, where I lead the ASYV Village rehearsals every week, organize performances like "Agahozo and Friends at Zaria Court" and "Tarama Rwanda" outside the village, and play piano in competitions, winning music competitions at both provincial and national levels. At the Betty Wright Studio, I work as a music producer, helping ASYV artists and artists outside the village, like one of your scholars, Bobson, create their songs, while also teaching 12 younger students the basics of music production using FL Studio and Logic Pro X.

What makes me different is that I teach both how to play music and how to produce it. I like to help students understand music in a simple and practical way so they can create their own sound and express themselves. When I was doing community work in ASYV during vacation, I was more drawn to Isomo Academy by the kindness and love that I got from the connection I made with some Isomo scholars like Bobson, and Eloï that ended up producing a song for Bobson. If I am given an opportunity to work with Isomo, I plan to connect with more scholars, and help them develop their talents.

If you consider my application, I look forward to the opportunity to bring my passion and experience to Isomo Academy Summer Camp. Thank you for your time and consideration. If you have any questions or would like to schedule the interview, please contact me by phone or email.

Sincerely,
Pesha Geoffrey
